ANIMAL TECH

FOCUSED ON ANIMAL PRODUCTION AND BREEDING

Successful previous edition in year 2015:

- 148 exhibitors from 8 countries
- 277 breeders of cattle, horses, goats, sheep and pigs
- Exhibition space for exhibits – 4 729 sqm
- Livestock exhibition space – 16 900 sqm (more than 800 animals)
- 51 727 visitors from 16 countries

Almost 150 exhibiting companies presented:

- Animal husbandry technologies
- Health and reproductive technology
- Suppliers of livestock fodder and medicines

Use the unique atmosphere of the exhibition and meet:

- Farmers
- Breeders
- Zoo technicians
- Vets
- other business partners

Almost 50 % of professional visitors are active in agricultural livestock or plant production. The professional visitors arrive to:

- get a general insight of the field,
- get information about a specific product or field,
- meet the business partners.

Attractive accompanying program:

- National championships of beef cattle and Holstein cattle
- Czech Fleckvieh cattle show
- Sheep shearing and wool processing demonstrations
- Beekeeping show
